IOSH is not able to recommend a specific provider. We also do not set the retail prices for the courses offered and prices will therefore vary. We suggest you contact several providers to compare prices. Though regionally segmented for the purposes of this tool, please bear in mind that many training providers offer nationwide coverage, so we recommend also contacting providers that are based outside of your immediate locality as they may be able to help. If you experience a problem with this page, please **let us know** (mailto:training@iosh.co.uk?subject=Training provider directory - problem with the page).
